

POLYAIR

DURABUBBLE^{VL}

REAL PROTECTION, REAL VALUE, REAL PERFORMANCE

Durabubble^{VL} has been engineered to maximize your packaging dollar with a lite bubble version of our renowned Durabubble^{RP}. Available in standard form, Durabubble^{VL} is puncture resistant, and made with non-slip polyethylene film while allowing for the ability to be tightly wrapped around the contours of products, regardless of shape and size; protecting edges and corners from damage.

FEATURES & BENEFITS

- Value stretch bubble protects edges and sharp corners from damage
- Value bubble provides the burst strength protection against pressure and impact
- Good clarity helps make packaged products distinguishable
- Good air retention prevents bubble from going flat providing continued protection
- Designed to provide customers with a high quality product at an affordable cost
